

PRODUCT CODE: NSM-7451QT

BARCODE: 9332820006636

PRODUCT DESCRIPTION: 7" Quad View Touch Screen TFT LCD Monitor

NARRATIVE

NSM-7451QT is a high performance 7 inch touch screen colour TFT LCD monitor with built in quad multiplexer. Simply touch the image to get a full screen view. The 4 channel inputs are perfect for rear & side mounted cameras on machinery, heavy duty vehicles, horse floats etc. It comes with single, dual, triple, quad image with trigger wires to automate each camera. Video out to another monitor displays a clone of what you see on screen. The monitor gives a very bright display with good contrast. Easy to setup and use via the touch screen, the NSM-7451QT makes reversing even easier and safer.
