

PRODUCT CODE: CDV-520S

BARCODE: 9332820009507

DESCRIPTION: Full HD 1080p Dash Cam with ADAS

The CDV-520S features crystal clear Full HD 1080p video recording, fantastic low light performance, 150° ultra wide angle lens, parking protection mode* to automatically begin recording if your vehicle is hit whilst unattended and a built-in G-sensor for file protection in case of an accident (the file will be locked so it can't be accidentally overwritten).

Added safety features of the CDV-520S include LDWS (Lane Departure Warning System) tracks the lanes of the road via road marking and sounds a warning if the vehicle drifts out of the lane. This works day or night as long as there are lane markers on the road. FCWS (Forward Collision Warning System) warns the driver if they are traveling too close to another vehicle in front.
