

PRODUCT CODE: CK-700W2

BARCODE: 9332820009453

DESCRIPTION: 2.4GHz Wireless 7" Monitor with 2x Cameras

With plenty of range, even for trucks, the CK-700W2 wireless monitor and camera kit makes installation so simple. This kit is complete with a 7" monitor and 2x cameras. Both the monitor and cameras need to be wired for power, but no cables are needed to connect them over distance. The monitor is supplied with a 12v cigarette lighter style adapter or can be hardwired. Perfect for trailers too, as there is no need to thread wires from the front of the vehicle to the rear of the trailer. The wireless range has been tested with a line of sight and no obstruction of over 100m, 50m range is most realistic through steel structure like a vehicle's body work. The 2.4GHz transmitter and receiver provides heaps of range with no interference.

SPECIFICATIONS:

Monitor	Cameras
7" LED backlit LCD screen	Resolution: 540 TV Lines
2CH video (split view)	Sensor: 720x480 pixels
Resolution: 800 x 480	View angle: 120°
Contrast: 500:1	Minimum light: 0 Lux
