

PRODUCT CODE: CP-1330D

BARCODE: 9332820005073

PRODUCT DESCRIPTION:

Combo Pack- 13" Ceiling LCD Monitor with Wireless Headphones

NARRATIVE

The CP-1330D pack is a fully featured wide screen ceiling mounted DVD system. This monitor has the highest quality TFT-LCD Active matrix display similar to an LCD flat screen TV you would use in your house. This has a 1280 x 800 resolution which is extremely high. Perfect for the passenger car or RV, this pack introduces some new features to the Australian market. Using the acclaimed high temperature loader, this unit will play multiple formats from any region. It is called a true all in one because the DVD player and a load of entertainment options are all included in one chassis. The built in DVD player will play all your favorite files including DVD/VCD/MP3/WMA/MP3/MP4/CD/DVIX,XVID. Comes with 2 x NHP-1A wireless folding headphones.
