

**PRODUCT CODE: Caravan Kit**

**PRODUCT DESCRIPTION:** Recommended Caravan Kit

Around town you have a high quality screen & reversing camera. Once it's time to hit the road, simply hook on the caravan, plug in the curly cord & your rear view moves to the back of the caravan.

Depending on your choice of power feed, the car camera can also be configured to monitor the caravan while towing. Spare wires can be accessed in the curly cord sockets for additional accessories or cameras if required.

**1: LCD COLOUR REAR VIEW SCREEN**

**2: MINI CAMERA - micro colour camera- Butterfly Mount**

**3: CCD-073: Waterproof Colour Camera**
