

PRODUCT CODE: DVD-8500

BARCODE: 9332820007893

DESCRIPTION: Undersize DIN DVD-Media Player with Front USB and SD Card

For when you don't have enough space for a single DIN unit, or need to mount under the dash, this undersized DIN DVD Media Player is a perfect solution. As it is 12-24v, it is great for buses or coaches. Not only does this DVD player playback the most common disc types, like CD, DVD, CD-R, DVD-R, but is also compatible with many multimedia formats like MP4, AVI, MPG, MP3 and many more via the front USB port or SD card slot (up to 16Gb max).

The DVD-8500's two video outputs are compatible with both PAL and NTSC video monitors. The audio output is compatible with Dolby AC3 and DTS, down-mixed to 2 channel stereo. Note: The DVD-8500 has no built in amplifier, it is a player only. Can be used with an amp for separate audio, use the integrated FM transmitter to send audio signal to factory radio or connect to a TV with integrated audio/speakers.
