

2.5" HDD

3.5" HDD

PRODUCT CODE: DVR Dock

BARCODE: 4714102351163

DESCRIPTION: Hard Drive Docking Station

For transferring video from your MDVR or DVR-4001Q, the DVR HDD docking system makes things simple. Keep the docking station connected to your computer, insert the drive and start transferring. Instead of vertical insertion, the DVR dock use parallel insertion to increase the stability from outside force that might cause the damage of the hard drive.

SPECIFICATIONS:

HDD support: 2.5" and 3.5" up to 4Gb	Power: 12v 3A (adaptor supplied)
SATA support: I, II and III	OS compatible: Win/Mac/Linux
Computer connection: USB 3.0	Size: 180mm x 138mm x 40 mm
	Includes: USB cable, 12v Power adaptor

Note: Image is for illustration purposes only. Actual product does not have 3 USB ports.
