

## PRODUCT CODE: DVR-4000HDQ

## PRODUCT DESCRIPTION: 4 Channel Full HD\* Digital Video Recorder

The DVR-4000HDQ is a quality Full HD\* 4 channel DVR with GPS. It can connect up to four cameras, each with an individual trigger to record real time video. Records to up to 4x SD cards (up to 128GB each) or a portable hard drive via the USB 3.0 port. With GPS to log the position and speed of the vehicle with high credibility of evidence. Playback/monitor on any screen via the RCA video output or HDMI, also used for device setup through the on screen display/graphical user interface.

\*For HD or Full HD recording, high resolution AHD cameras must be used. Standard cameras will only allow recording in D1 resolution.
