PRODUCT CODE

NSD-749NB (Built-in Bluetooth)

PRODUCT DESCRIPTION

7" Wide Touch Screen One Din In-Dash Motorized Monitor w/ built-in DVD/AM/FM & Bluetooth

NARRATIVE

The centerpiece of any in car entertainment system the NSD-749 has all the features you would expect and more. Capable of playing back Audio/Video/MP3 files via a variety of inputs be it CD or DVD disc, USB or SD card as well as having a built in AM/FM tuner and equalizer this 7" motorized screen tops these features off with built in Bluetooth. This allows on screen dialing and taking of calls as well as Bluetooth music streaming. Add in customizable screen savers and great closed screen controls and there is nothing else you could ask for all in a single DIN sized multi-media unit.
