

PRODUCT CODE

NSH-705 7" Headrest Pack

(2xHR-704 + 1xDVD-5051 + 1xFM Modulator + 2xIR Wireless headphones NHP-2AB)

PRODUCT DESCRIPTION

Nesa replacement headrest system with DVD and FM transmitter

NARRATIVE

The NSH-705 system provides a simple quality swap out headrest system eliminating the permanent installation of screens to the existing headrests or messy wiring found with portables in vehicles. Complete with a multiformat multiregion DVD player, 2 x headrests, 2 x 7" TFT LCD screens, 1 x FM Modulator & built-in DUAL IR headphone transmitters, the system allows for expansion to add wireless headphones, a transmitter to run audio wirelessly to your FM radio, additional screens or games consoles. No longer is it necessary to sell your vehicle with the rear seat entertainment, simply swap back the original headrests & move on to your new vehicle. The NSH-705 is designed to suit most Australian & imported cars & is available in Black, Grey or Beige in a quality OEM style finish.
