

PRODUCT CODE: NSL-2

PRODUCT DESCRIPTION: Shadow Down Lights

NARRATIVE

Enhance the look, safety and value of your car with the latest NESA Shadow Down Lights. With most OEM vehicle logos to choose from, the Shadow Light system alerts passing traffic that you have your door open. The system employs LED & laser etching technologies to shine a logo on the ground as the door is opened. The lights can be triggered by your door switch.

FEATURES

Highlights your cars logo on the ground and improve car appearance.	Adopts the latest Philips original 3W LED.
Made from high quality aluminum alloy.	OEM appearance.
Energy saving.	Easy installation.
Solid state, shock or vibration-resistant.	Suits a large range of vehicles- Toyota, Honda, Volkswagen, BMW, Audi, Mazda, Mercedes Benz, Ford, Porsche, Lamborghini, Lexus, Nissan, Hyundai, Subaru, Holden
