

NESA

PRODUCT CODE

NSM-6209T

PRODUCT DESCRIPTION

6.2" Wide Touch Screen Headrest Monitor

NARRATIVE

An excellent addition to any rear seat passenger entertainment system this high resolution widescreen 6.2" monitor can be fitted to the rear of most seats or any flat surface. Combined with a touch-screen compatible NESA DVD player, passengers have all DVD function control at their fingertips. Two video inputs allow multiple video sources so gaming systems can be added with ease.
