

**PRODUCT CODE:** ReadyCharge

**BARCODE:**

**DESCRIPTION: Heavy Duty Jump Starter/Mobile Device Charger**

Never be stuck with a flat battery again. Designed to keep on hand in your glove box, the ReadyCharge can remain fully charged for up to 12 months\* in case the worst happens. This handy device has enough power to jump start your car, recharge your tablet and phone and even has an emergency torch and strobe light.

With 2 USB ports including a high capacity USB for tablets as well as a set of battery clamps and a cigarette lighter power output adapter for powering up portable devices. The ReadyCharge is also compact and lightweight as well as waterproof and shockproof, so ideal for camping and emergency use.

\*For extended battery life, it is recommended the ReadyCharge is topped up every 3 months

Approximate charging/cycle times: (with a fully charged ReadyCharge)  
 Most Smartphones (charge): Using the USB 5v/2A port – 1 hour (up to 5 times)  
 Most Tablets (charge): Using USB 5v/2A port – 1.5/2 hours (up to 2 times)
