

**PRODUCT CODE:** TP-70

**BARCODE:** 6936100281169

### PRODUCT DESCRIPTION:

Wireless External 4 Sensor TPMS

These sensors replace your valve caps so there is no need to remove the tyres to install. The receiver plugs into the cigarette lighter socket & cycles through each tyre displaying individual pressure & will give a visual & audible alert on a range of high-risk situations. Suits up to 350 kpa (50psi)

- External waterproof TPMS replacing car valve caps
- Super mini tire sensor, light 9.6 gram and small 2cm
- Anti-theft design
- Cigarette-lighter style display
- Battery changeable – 3 year battery life
- DIY installation
- Visual and audible warning for abnormal tire pressure and temperature
- Power saving design extends battery life (3~5 years)

### SPECIFICATIONS

<b>Sensor:</b>	
Operating Frequency	433.92MHZ
Battery Voltage	3V
Operating Temperature	-20°C ~ +60°C
Pressure Range	0 ~ 50.76 Psi (349.97 KPa)
High Pressure Value	47.86 PSi (329.98 KPa)
Low Pressure Value	24.65 Psi (169.95 KPa)
<b>Display:</b>	
Alerts	High Temperature, Low Pressure, Sensor Failure, Fast/Slow Leak
Operating Voltage	12±3V
Working Temperature	-40°C ~ +85°C

**DATE OF PRODUCT RELEASE:** December 2012
