

PRODUCT CODE

VST VIN-360

PRODUCT DESCRIPTION

VST 3.6" Wide Single DIN Monitor FM/AM Receiver / DVD Combo

NARRATIVE

Cutting edge single DIN Head Unit with 3.6" widescreen TFT-LCD. This entertainment system plays all formats including multi-region DVD, CD, MP4, MP3 and Divx. It also has inputs for SD Card, Mini USB and an optional i-Pod cable as well as AM/FM radio. Plug in a rear view camera or Nav system for safety and convenience. The fully motorised face has 3 angle positions for optimum viewing and the detachable face provides added security. Audio is provided by the hi-powered 4 x 50w amp built in and 4 RCA outputs and RCA sub woofer control. A very reliable unit with digital & mechanical anti-shock with ESP memory, built in Dolby Digital, last position memory, on screen display and full function remote control. State of the art Razor soft touch buttons on this head unit gives the looks that you would expect from a unit that is top of its class.
