

PRODUCT CODE: HUD GPS

BARCODE: 9332820008920

DESCRIPTION: GPS Heads Up Display

The HUD GPS is a simple plug and play speedometer display that sits on your dash and displays the information by reflecting against a reflective film that is applied to the windscreen. The speed displayed is very accurate as it is true GPS speed. The bright, large and easy to read display is always in the driver's line of sight so they never have to take their eyes off the road. Also displays a compass/heading. Compatible with any vehicle. Can be hardwired.

SPECIFICATIONS:

Speed and compass/heading display	Easy to read, large, bright LCD display
Speed data is transmitted via GPS	Automatic on/off
Non-slip back dashboard mount	Brightness adjustment
Reflective windscreen film (120mm x 90mm)	Adjustable over speed alert

DATE OF RELEASE: April 2017
