Lexus, Toyota, Honda, Audi,  
Mercedes Benz, VW etc**

**Aftermarket Head Units:  
Pioneer, Alpine, JVC  
Clarion, Sony etc.**

**PRODUCT CODE:** NAB-1

**BARCODE:**

**PRODUCT DESCRIPTION:** Android Box with GPS Navigation, 3G & WiFi

### NARRATIVE

Add Android & navigation to almost any screen whether it is OEM or Aftermarket. With Android v2.3.7, this interface box operates just like an Android smartphone, with built in GPS for navigation (download of Google Maps required), built-in 3G (SIM card required) and WiFi module to provide internet access, download updates, download apps, play games, email, browse the internet, watch media content or YouTube and listen to your favourite music. The Android box can connect to your phone to use your phone's 3G data connection or use the internal 3G modem. The interface includes 4 GB internal storage and can be expanded with a high capacity SD card. Controlled by the included remote (with touch pad) or via touch on touch screen head units. Multi-resolution support and a range of OEM & aftermarket interface cables are available for a simple connection to most vehicles.
