

**PRODUCT CODE: NSD-655MHB**

**BARCODE: 9332820007497**

**DESCRIPTION: 6.2" Touch Screen Double Din Head Unit with built-in DVD, Bluetooth & 2-Way Mobile Hi-Definition Link (MHL) Smartphone Integration**

Take control of your Android smartphone with 2-way MHL integration. Scroll through your phone's screens, open and control any app from the NSD-655MHB's own touchscreen - including your GPS navigation app, make and receive calls, play music or video files stored on your phone and much more. The NSD-655MHB also includes a DVD player, front SD Card and USB inputs for media files, as well as additional 3.5mm AUX AV input. Separate input for your reverse camera and RCA AUX on the back. 30 station presets for FM/AM radio, analogue steering wheel control integration and Bluetooth hands-free and A2DP Bluetooth music streaming (iPhone compatible).

Please note, 2-way MHL is only compatible with Android devices (30cm and 1m optional cables available). iPhone/iPod's are compatible with A2DP Bluetooth music streaming only.
