

Waterproof 7" Full HD LCD Monitor

The NSM-7360WAHD is a fully waterproof 7" backlit LCD colour monitor which is ideal for Marine, Agricultural or Earthmoving. Compatible with 1080p/720p AHD cameras and standard CVBS cameras. It features automatic backlit touch buttons, a versatile display image which is adjustable for horizontal and vertical, mirror and normal viewing modes. The display also has automatic brightness control. 3 camera inputs with auto PAL/NTSC detection, each with its own trigger to display a selected camera when indicating or in reverse. Includes a convenient built in speaker. All held in place with a sturdy U bracket that helps reduce vibration. Compatible with both 12v and 24v vehicles.
