

7" Touchscreen Quad View Monitor with 1080p Support

Specifically designed for use with the DVR-4200AHD, the NSM-DVR42T7 supports AHD 1080p/720p camera to display rich and detailed video unmatched by standard definition cameras. The intuitive capacitive touchscreen not only controls the on-screen menu of the DVR, but when you touch a camera feed, that camera switches to full screen. Touch again to go back to multi-camera mode. Many different view modes available.

Note: Designed for use with the DVR-4200AHD only. Cannot be used stand-alone.
