

PRODUCT CODE: NSR-43RMR (Red) **BARCODE:** 933282000632
NSR-43RMB (Blue) 933282000633

PRODUCT DESCRIPTION: Rear View Mirror with Radar Detector Display & Auto Dimming 4.3" Screen

NARRATIVE:

The ultimate OEM Rear View Mirror with integrated Radar Detector Display for the Escort 9500ci and the Beltronics XRC-Plus. With your choice of a red or blue, the alphanumeric display blends in more easily than the standard display supplied with your radar detector and is within easy view. This mirror also comes with an invisible 4.3" digital LCD screen with 2 AV input for rear view camera or navigation display. The screen has an automatic auto dimming function for day or night use. The mirror also has Auto-Dimming to automatically reduce glare when driving at night. Supplied with a universal mount to suit most vehicles, other mounts available for specific prestige and imported cars. Improve the appearance and safety of your vehicle with this OEM Radar and RV Replacement mirror.
