PRODUCT DESCRIPTION

10.2" Motorised monitor with DVD Player

NARRATIVE

The VOM-1021DV boasts a high definition 10.2-inch digital panel monitor, ensuring a great picture no matter your video source. Easily select normal or widescreen aspect ratio and control picture quality and other functions via the full function remote control. NTSC and PAL video sources are automatically detected, so plug most devices into one of the source inputs and you'll be set for a fun ride... The monitor features overhead dome lights with a built-in three-way switch. Turn it on, off, or have it turn on and off in sync with the vehicle's interior lighting.
