

## ***Personal GPS/NextG/3G Tracking Device***

The fleetminder PT3 is a real time tracking device with faster acquisition times by quick GPS. It's small, reliable, durable, waterproof and stylish in design with GPS/NextG/3G wireless network. The user can easily configure via USB, SMS or 3G and then displays the location by specific map software. Plus voice monitor and Geofence functions, this is perfect for children, the aged, couriers and security personnel.

### ***Applications***

- Safeguarding children & teenagers
- Safety monitoring security personnel
- Safety monitoring aged persons
- Live tracking couriers and delivery drivers
- Short term asset tracking and risk management
- Monitor young drivers speed and location

### ***Features***
